🪪 Profile

I am a passionate programmer with proficiency in languages like **Java**, **Python** and **JavaScript**. Currently working with **NextJS** framework. Completed plenty of web projects using **MERN** stack. Also worked with backend technologies like **SQL, MongoDB** along with **Express** and **NodeJS**. I have also completed some fullstack web projects too. For frontend I have worked with **Tailwind CSS** and **Bootstrap** along with Vanilla CSS. I have few repositories in **Github** too.
